NUMBER OF PROGRAMS UNDERTAKEN IN HIGHER EDUCATION INSTITUTIONS (HEIs) TO SUPPORT STUDENT ENTREPRENEURS

SUMMARY REPORT

The Government of Telangana and Higher Education Institutions (HEIs) in Telangana have conducted 24 programs to support student entrepreneurs and foster innovation and entrepreneurship among students in the State. The 24 programs were undertaken by 5 institutions in the state i.e., Jawaharlal Nehru Technological University Hub (J-Hub), T-Hub, WE-Hub, Telangana Academy for Skills and Knowledge (TASK) and Telangana State Innovation Cell (TSIC). The following table shows the breakdown of the programs conducted by each institute.

Name of Organization	Number of Programs
Jawaharlal Nehru Technological University (J-Hub)	4
T- Hub	14
WE-Hub	1
Telangana Academy for Skills and Knowledge (TASK)	2
Telangana State Innovation Cell	3
Total	**24**

About JNTU College of Engineering, Manthani University

Jawaharlal Nehru Technological University, the First Technological University of India, was established on 2nd October 1972 in Andhra Pradesh with headquarters located in a historical city Hyderabad. The University is one of the premier Universities in India accredited by NAAC with "A" Grade. After successful and proven levels of appreciated existence and stature spanning over 36 years, JNTU has been divided into four different universities by Govt. of Andhra Pradesh, through Act No.30, Dt. 24th September, 2008. One of the constituent colleges of the University "JNTU College of Engineering, Manthani College of Engineering, Hyderabad" is regarded as a pioneer in shaping the excellence of some of the leading organizations of the industry, by churning out the finest professionals with a resolve to scale greater heights in the technological scenario, every year. Another constituent college of JNTU College of Engineering, Manthani is located at Jagityal and 11 other academic units at Hyderabad campus.

Chief Patron: Shri Jayesh Ranjan, IAS I/c.

Vice-Chancellor, JNTU College of Engineering, Manthani Patron: Dr. A. Govardhan, Rector & I/c. Registrar, JNTU College of Engineering, Manthani

Chairman: Dr. E. Sai Baba Reddy, Principal, JNTU College of Engineering, Manthani CEH

Knowledge Partner: MathWorks (I) Pvt. Ltd

MathWorks (I) Pvt. Ltd MathWorks is the leading developer of mathematical computing software for engineers and scientists. Jack Little and Cleve Moller, the cofounders of MathWorks, recognized the need among engineers and scientists for more powerful and productive computation environments beyond those provided by languages such as Fortran and C. In response to that need, they combined their expertise in mathematics, engineering, and computer science to develop MATLAB, a high-performance technical computing

environment. MATLAB combines comprehensive math and graphics functions with a powerful high-level language. In addition to MATLAB, MathWorks now develops and markets Simulink, a product for simulating nonlinear dynamic systems. The company also develops and markets an extensive set of add-on products for specialized application areas including control design, signal processing and communications, image processing, test and measurement, computational biology, and financial modeling and analysis.
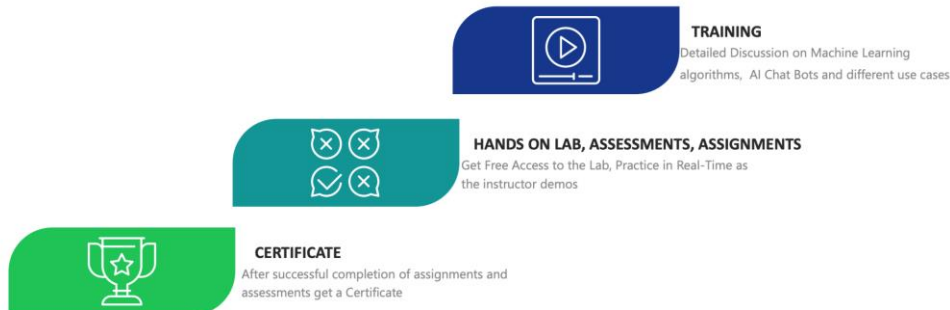

About Workshop:

3- Day workshop on AI and Machine Learning

When: 9/1/2020 to 11/1/2020

Venue: Computer Lab, UIIC, JNTU College of Engineering, Manthani

Time: 10:00 AM to 5:00 PM

Activities:

TRAINING
Detailed Discussion on Machine Learning algorithms, AI Chat Bots and different use cases

HANDS ON LAB, ASSESSMENTS, ASSIGNMENTS
Get Free Access to the Lab, Practice in Real-Time as the instructor demos

CERTIFICATE
After successful completion of assignments and assessments get a Certificate

Brief Overview: Jawaharlal Nehru Technological University through its incubation wing J-Hub created in association with Government of Telangana has focused on enriching and seeding the idea of entrepreneurship within the students. In its objective of budding entrepreneurship among students, J-Hub has scheduled a 3- Day workshop on AI and Machine Learning. Learning AI and ML would help the students to think creatively, reason with and have a solution-oriented mindset which is important in their journey towards entrepreneurship and innovative thinking.

About AI and ML

Artificial Intelligence (AI), as the name itself indicates, is a method of training the computer through artificial facts and figures in order to make the system intelligent and hence to take decisions independently and appropriately. An AI trained system behaves just like a human being and does not need human intervention. Also, an AI trained system will find an optimal solution to a problem under different circumstances.

In the recent research development, one can find diversified applications of AI, ML, and DL in different fields of computer science and information technology; IoT, Data Science and Computer Network to name a few. As a need of the day, **this workshop targets different AI, ML and DL applications in the field of Internet of Things (IoT), Data Science, Computer Networks and Network Security.**

Outcomes:

- Students demonstrated fundamental understanding of artificial intelligence (AI) and expert systems.
- Students learnt how to apply basic principles of AI in solutions that require problem perception, knowledge representation, and learning.
- Demonstrated proficiency in applying scientific methods to models of machine learning.
- Discussion on the basics of ANN and different optimization techniques.

The workshop was attended by **363 participants** from various educational institutions. A detailed list of the participants is given below:

List of participants:

1	Vishwa Prakash Chary Vadla	Geethanjali College of Engineering and Technology
2	Gunaganti Nithya	BVRIT Hyderabad College of Engineering for Women
3	Vamshi Raoulakola	CMR Engineering College
4	Vanka Mallika	BVRIT Hyderabad College of Engineering for Women
5	Srijana	BVRIT Hyderabad College of Engineering for Women
6	N. Kushal	CMR Engineering College
7	Jahnavi Sai Sirisha Chitta	BVRIT Hyderabad College of Engineering for Women
8	P. Megha Sai Sree	BVRIT Hyderabad College of Engineering for Women
9	K Lakshmi Prasuna	BVRIT Hyderabad College of Engineering for Women
10	C. Harini	BVRIT Hyderabad College of Engineering for Women
11	Sirisha	BVRIT Hyderabad College of Engineering for Women
12	Vaishnavi. Miriyala	BVRIT Hyderabad College of Engineering for Women
13	B. Chethana	BVRIT Hyderabad College of Engineering for Women
14	K Divya Reddy	BVRIT Hyderabad College of Engineering for Women

15	Sai Pravallika	Mahatma Gandhi Institute of Technology
16	Vishal Das	Mahatma Gandhi Institute of Technology
17	M Sai Goutam	Mahatma Gandhi Institute of Technology
18	Pooja Sri	Mahatma Gandhi Institute of Technology
19	Lahari Boni	Malla Reddy Engineering College for Women
20	Akhila Atmakuri	Malla Reddy Engineering College for Women
21	Maithili Reddy Manikanti	Malla Reddy Engineering College for Women
22	Pathakota Meghana	BVRIT Hyderabad College of Engineering for Women
23	Kura Pravallika	BVRIT Hyderabad College of Engineering for Women
24	C. Mrudula	Mahatma Gandhi Institute of Technology
25	Rajkumar Pamu	Jawaharlal Nehru Technological University, College of engineering, Manthani
26	Anvesh	Jawaharlal Nehru Technological University, College of engineering, Manthani
27	Neelarapu Mohana	BVRIT Hyderabad College of Engineering for Women
28	Sravan	Jawaharlal Nehru Technological University, College of engineering, Manthani
29	Inara Farishta	Malla Reddy Engineering College for Women
30	Charlapalli Shirisha	VNR Vignana Jyothi Institute of Technology Hyderabad
31	Amulya Chandhana	BVRIT Hyderabad College of Engineering for Women's
32	Dadagopu Paul Dhinakaran	St. Martin's Engineering College
33	Gani Raja Pulla Reddy	Vignana Bharathi Institute of Technology
34	Swetha Kolloju	Geethanjali College of Engineering and Technology
35	G. Ranga Santhoshi	Malla Reddy Engineering College for Women
36	Arepalli Sindhura	Mahatma Gandhi Institute of Technology
37	Sri Harsha Mittapalli	Mahatma Gandhi Institute of Technology

About JNTUH University

Jawaharlal Nehru Technological University, the First Technological University of India, was established on 2nd October 1972 in Andhra Pradesh with headquarters located in a historical city Hyderabad. The University is one of the premier Universities in India accredited by NAAC with "A" Grade. After successful and proven levels of appreciated existence and stature spanning over 36 years, JNTU has been divided into four different universities by Govt. of Andhra Pradesh, through Act No.30, Dt. 24th September, 2008. One of the constituent colleges of the University "JNTUH College of Engineering, Hyderabad" is regarded as a pioneer in shaping the excellence of some of the leading organizations of the industry, by churning out the finest professionals with a resolve to scale greater heights in the technological scenario, every year. Another constituent college of JNTUH is located at Jagityal and 11 other academic units at Hyderabad campus.

Chief Patron: Shri Jayesh Ranjan, IAS I/c.

Vice-Chancellor, JNTUH Patron: Dr. A. Govardhan, Rector & I/c. Registrar, JNTUH

Chairman: Dr. E. Sai Baba Reddy, Principal, JNTUH CEH

Overview

Jawaharlal Nehru Technological University Hyderabad launched a university-wide Innovation and R&D initiative- "J-Hub or JNTUH Innovation Hub", in the academic year 2017-18. J-Hub is envisioned to provide a unique platform for the graduating engineers, faculty, research scholars and alumni to pursue innovation, Applied Research and tech-entrepreneurship. The initiative will impact the quality, confidence and competitiveness of the students and prepare them for the 21st century Knowledge Economy.

The J-Hub at JNTUH conducts regular **Hackathon-based initiatives** to address challenges posed by the industry, startups and other stakeholders of the society in the form of league events. This is in extension to the regular educational talks and hackathon events held locally in the institutions through i-Cells with the specific support from the J-Hub-NEN (National Entrepreneurship Network) MoU. Conventionally, two league events are planned in an academic year. In addition to this, J-Hub serves as the first point of contact for the university to any national Hackathon event organized- in Telangana along with selecting and mentoring the participants for those events.

Event name	Central Hackathon League
Institution	Jawaharlal Nehru Technological University
Date	13/03/2020
Venue	JNTU Campus
Duration	19 days
No. of participating students	272
Activities Performed	Ideation Idea Pitch Evaluation Recognition & Financial Assistance

Outcomes:

1. To build Critical Thinking and Design Thinking abilities through workshops.

2. Designing a product / service as the outcome at the end of a project.

3. Empowering students towards a solution-oriented mindset

4. Connected student innovators to industry experts and mentors.

First Prize at CMR Hackathon Competition
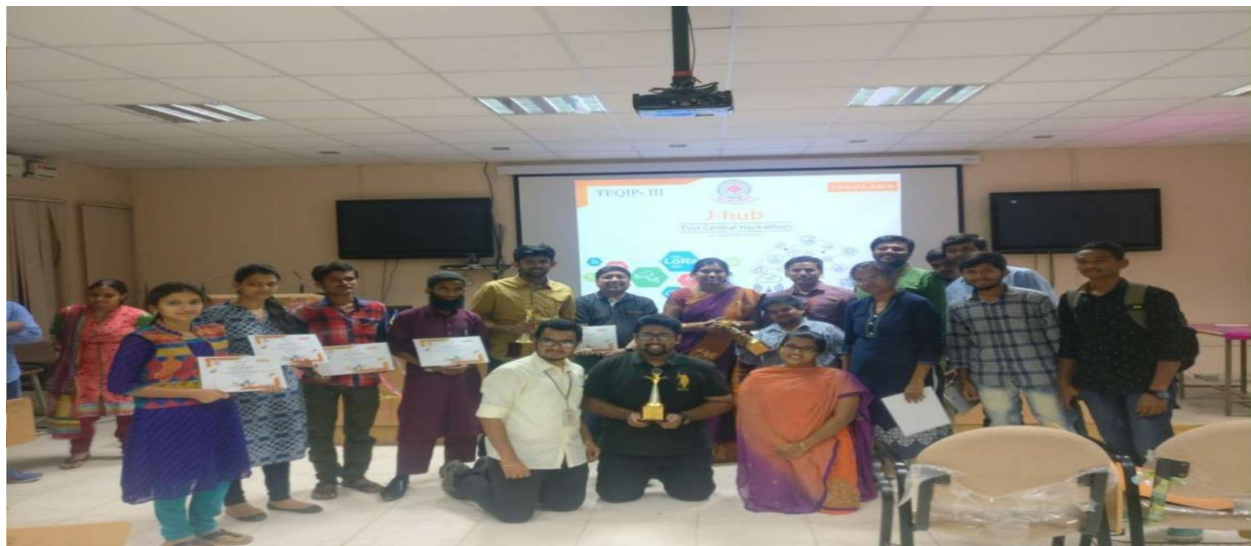

The central hackathon was held virtually and observed participation from around **275 students representing more than 20 colleges/institutes.**

The list of students participated:

Chairman: Dr. E. Sai Baba Reddy, Principal, JNTUH CEH

Workshop Overview

The Department of Electronics & Communication Engineering- JNTU established in 1973, is instrumental in molding the careers of students and helping them to become world-class professionals. The department is offering UG, PG, Research and Collaborative Programmes with well experienced faculty and as well as established laboratories. Besides highly qualified and experienced staff and well- equipped laboratories, the Department has been awarded 8.1 points out of 10 by the State Board of Technical Education.

This workshop offered a neat introduction on the **"Internet of Things"** and is based on the advanced development tools from Texas Instruments. The MSP430 ultra low power LaunchPad and the CC3100 booster Pack offers a complete wifi IOT solution while the integration of Energia with the IOT platform simplifies the IOT application development. Tools Used: MSP430F5529 LaunchPad, CC3100 Booster Pack, Energia and Code Composer Studio v6

Knowledge Partner: Edgate Technologies Pvt. Ltd.

EdGate Technologies provides high-performance ARM, DSP, FPGA processor boards and I/O modules in support of high performance, parallel processing applications in a variety of fields including Multimedia, Imaging, Networking, Industrial control and Military. The organization has an extensive presence all over the country and well-established connectivity within the academic and corporate communities. One of their more significant objectives is to reach out to the Corporate, educators and the engineering student community to help them achieve more in their research and their learning initiatives.

Event name	IoT Workshop

RURATHON

Summary report

About JNTUH University

Jawaharlal Nehru Technological University, the First Technological University of India, was established on 2nd October 1972 in Andhra Pradesh with headquarters located in a historical city Hyderabad. The University is one of the premier Universities in India accredited by NAAC with "A" Grade. After successful and proven levels of appreciated existence and stature spanning over 36 years, JNTU has been divided into four different universities by Govt. of Andhra Pradesh, through Act No.30, Dt. 24th September, 2008. One of the constituent colleges of the University "JNTUH College of Engineering, Hyderabad" is regarded as a pioneer in shaping the excellence of some of the leading organizations of the industry, by churning out the finest professionals with a resolve to scale greater heights in the technological scenario, every year. Another constituent college of JNTUH is located at Jagityal and 11 other academic units at Hyderabad campus.

Chief Patron: Shri Jayesh Ranjan, IAS I/c.

Vice-Chancellor, JNTUH Patron: Dr. A. Govardhan, Rector & I/c. Registrar, JNTUH

Chairman: Dr. E. Sai Baba Reddy, Principal, JNTUH CEH

Overview

The J-Hub at JNTUH conducts regular Hackathon-based initiatives to address challenges posed by the industry, startups and other stakeholders of the society in the form of league events. This is in extension to the regular educational talks and hackathon events held locally in the institutions through i-Cells with the specific support from the J-Hub-NEN (National Entrepreneurship Network) MoU. Conventionally, two league events are planned in an academic year. In addition to this, J-Hub serves as the first point of contact for the university to any national Hackathon event organized in Telangana along with selecting and mentoring the participants for those events.

Rurathon, essentially, was one of the many dedicated hackathons organized at the Sreenidhi Institute of Science and Technology with the objective to **promote and identify** technological innovations for rural empowerment. The initiative saw participation from more than 200 students coming from diverse backgrounds and institutes across Telangana.

Sub-themes

I.   Agribusiness & Agricultural Education

II.   Agricultural Risk Management

III. Fisheries & Aquaculture

IV.   Food Production & Food Safety

V.   Rural Healthcare

VI.   Livelihoods

Event name	Rurathon
Institution	Jawaharlal Nehru Technological University
Date	31/01/2020
Venue	Sreenidhi Institute of Science and Technology
Duration	2 days
No. of participating students	195
Activities Performed	Ideation
	Project Pitch
	Introductory induction
	Recognition & Award Ceremony

Outcomes:

- 300+ Students Participated from different technical institutions
- First prize given to prototype land boundary visualization and also given cash award: 10,000
- Second prize shared by two prototypes of agriculture enhancement and Smart fish feeder and also share cash award 7000
- Third prize given to prototype consolidation of Apps for formers in multi languages and also win cash award 5000.

A 36-hour national level Hackathon abbreviated as "RURATHON 2020" was eventually organized at SNIST and saw participation from more than **200 different students** representing **20 major educational institutes** across the country.

Students participated in the program:

About TASK

Telangana Academy for Skill & Knowledge (TASK), is a non-profit organization, established under the control of TE&C Department to bring synergy between Government, Academia and Industry with an objective to enhance the employability quotient of youth in the state and to provide quality human resources and services to the industry.

The key focus at Telangana Academy for Skills and Knowledge is to enhance the employability quotient of young graduates in our state and enable them to choose multiple avenues as they graduate. TASK enables a collaboration platform between Government, Academia and Industry to enhance skilling, research and entrepreneurship among youth in Telangana.

Knowledge Partner: Head Held High Foundation

Head Held High Foundation's (HHHF) goal is to catalyze the transformation of illiterate villagers into capable workers on the one hand, and create employment and business opportunities on the other, to enable work to occur in villages, creating sustainable rural economies.

In December 2020, Head Held High Foundation along with Telangana Academy for Skill and Knowledge (TASK) conducted a joint initiative to catalyze social innovation in the state. This included entrepreneurship training, an Ideathon workshop (to help those selected zero in on solutions in one of five thematic areas), and incubation to help nurture some of these solutions.

About i4TS

i4TS is a 4 months complete entrepreneurship training program to promote social innovation and rural entrepreneurship in 5 thematic areas - Rural Healthcare, Rural Education, Rural Logistics and Access, Green Economy, Agriculture.

Under an initiative called I4TS- Innovating for Telangana, we got around 7816 people registered for this virtual program that ran throughout December.

For the program, we looked at five domains- Agriculture, Education, Green industry, Healthcare and last mile access. After the program, the interested candidates were asked to submit their ideas. After shortlisting the best ideas, we provided them with a three months long entrepreneurship development program.

All our ecosystem partners and industry leaders are helping us in this entrepreneurship development program. About 250 rural youth underwent the program.

About Innovision

TASK CISCO ASC organized a Student Program for CISCO NetAcad Partner Colleges.

As we all know that, for students it's Project Time, there are exciting plans to improve our relationship with the colleges and students as part of CISCO NetAcad initiative.

This project learning time will be an exciting transition, which will help NetAcad Students to improve their technical competency level to better, faster and more simply by making them enrolled in this event

T-Tribe Launchpad

Maturi Venkata Subba Rao Engineering College

Summary report

WORKSHOP OVERVIEW

T-Tribe is a unique initiative launched by T-Hub (India's largest incubation center and startup acceleration center) to nurture India's next generation of entrepreneurs. The goal is to support entrepreneurs at every step of their journey through expertly and exclusively curated programs.

By associating with the leading colleges in the country, T-Tribe aims to deliver entrepreneurial content to the students and help them consider entrepreneurship as a career. The Launchpad Program is a perfect amalgamation of theoretical and practical learning that not only enlightens students on the scope of entrepreneurship but also gives them a direction to achieve success in the field.

T-Hub has collaborated with Maturi Venkata Subba Rao Engineering College to provide a year-long Entrepreneurship Development Program on entrepreneurship, design thinking and financial   literacy.

Summary report

About Telangana State Innovation Cell

The Telangana State Innovation Cell (TSIC) was set up in 2017 under the State Innovation Policy with a three-fold mandate:

- To promote the culture of Innovation and Entrepreneurship in the state.
- To promote Innovation in Government departments and organizations.
- To build a culture of Innovation from the school stage.

Partner Organizations

Publishsutra

Publishsutra is founded by a group of Indian research scholars from University of Massachusetts - USA along with few technologies thought leaders to bring a change in the current research system in India. We drive by an accomplished motto of introducing the process and importance of the research work in India. Publishsutra aims to give you a reinforcing platform to Explore, Write and Publish your own research work with the help of Best-known Professors making your work worthy and Up-Top!

Telangana Information Technology Association

Telangana IT Association (TITA) was started in the year 2013 by IT Veterans who hail from Telangana region. TITA is Non-Profit & Non-Governmental Organization (NGO) working for welfare of Telangana IT Students, IT Employees & IT Employers. Mr. Sundeep Kumar Makthala is the founder & president of TITA. TITA is structured as TITA – Employees Wing, TITA – Students Wing, TITA – NRI Wing, TITA – CEOs Wing.

About I - Innovate

I-Innovate India's first 1 million Seconds Non - Stop Online Hackathon ever was conducted by Publishsutra and supported by Telangana State Innovation Cell (TSIC) and Telangana Information Technology Association (TITA).

This initiative was thought of and introduced by a 22-year-old guy named Krishna Chaitanya Rao, who is a Social Entrepreneur, Founder & CEO at Publishsutra., According to Krishna, "The aim of this hackathon is to find innovative solutions to the pressing problems caused by COVID - 19 and also to transform the non-model villages to model villages in every nook and corner of India."

This hackathon is not about coding but rather about identifying a problem in your locality and coming up with a feasible solution. Here we encourage the participants to come up with their own problem and their own solution while we offer assistance via mentors.

The hackathon started on 3rd May 2020 (10:00 AM) and concluded on 14th May 2020 (11:46:40 PM).

This is one-of-a-kind programs which is designed in such a way that innovators work right from the problem statement identification to solution development, eradicating them is the main objective. There are no restrictions for participants on age, gender, education, region, industry, all one need is to identify a problem and come up with an idea; this was their entry ticket to the hackathon. There is no registration fee for the participants. Participants can form teams of up to 5 members or participate individually to find a solution for the problem statement that they have chosen or come up with.

Program Details:

Phase - I

This is the first and foremost phase, during this phase a series of online webinars were hosted to all the innovators who got registered with us. During these webinars, interaction sessions with each and every innovator were conducted to understand:

1) What kind of problems they have been facing so far / what are the problems they are facing now?

2) Why have you addressed this problem?

3) Who are the people primarily affected with such problems?

4) How are you going to solve the problem?

Phase - II

The second phase focused majorly on "Design Thinking" - the primary purpose of design thinking is to improve the way one can effectively and efficiently solve problems. Along with this, design thinking enables a person to organize their thoughts properly. Design Thinking and mentoring, guidance was provided during the development stage of the Idea. Because that's where the effective thought process has to be indulged. During this design thinking workshops, the following topics were focused on -

    i) How not to look at the product and how to look at the product?

    ii) How to start product design / How to turn your idea to a working model?

    iii) Paul Elder Critical Thinking framework

    iv) Design Thinking and Methodologies

    v) Practical Case studies

When:

The hackathon was conducted on 3rd May 2020 (10:00 AM) and concluded on 14th May 2020 (11:46:40 PM)

Key Outcomes of the program:

1. List out problems and work on finding innovative solutions.

2. To build Critical Thinking and Design Thinking abilities through workshops.

3. Designing a product / service as the outcome at the end of a project.

4. Aiming to turn non-model villages to model villages.

5. Empowering youth towards a solution-oriented mindset.

List of students participated -

The program saw participation from close to 164 Innovation and design thinking aspirants, Mentors and Innovators

INNOVATOR MEETUP SERIES

Summary report

About Telangana State Innovation Cell

The Telangana State Innovation Cell (TSIC) was set up in 2017 under the State Innovation Policy with a three-fold mandate:

1)To promote the culture of Innovation and Entrepreneurship in the state.

2)To promote Innovation in Government departments and organizations.

3)To build a culture of Innovation from the school stage.

Partner Organizations

Bizrights IP Partners

Bizrights IP is an Intellectual Property Firm that specializes in the provision of professional services related to intellectual property, particularly Trademarks, Patent, Copyrights and Industrial Designs. Bizrights IP can help protect a company's intangible assets, thus enabling you to profit from your innovative and creative activities. By providing professional services related to copyrights, patents, trademarks and industrial designs, Bizrights can help your company achieve its mission, vision and objectives.

Publishsutra

Publishsutra is founded by a group of Indian research scholars from University of Massachusetts - USA along with few technologies thought leaders to bring a change in the current research system in India. We drive by an accomplished motto of introducing the process and importance of the research work in India. Publishsutra aims to give you a reinforcing platform to Explore, Write and Publish your own research work with the help of Best-known Professors making your work worthy and Up-Top!

About the Innovator Meetup Series

Telangana State Innovation Cell had organized the Innovators Meetup Series (IMS) in 5 districts of Telangana. The purpose of this series is to provide necessary services to Innovators to help them convert their Innovation into startups.

It was a hands-on multidisciplinary workshop that enabled the Innovators to understand the Innovation and Startup ecosystem and helped them build their own startup/enterprises.

The Innovators Meetup Series included the following sessions:

- Session on IP and helping them with filing - by BizRights
- Session on Project Proposal writing - by PublishSutra (one of our T-200 winner start-up) from Karimnagar incubated in SRIX
- An introduction to Telangana Innovation Ecosystem - by TSIC (information on incubations, makers space etc)

3 major objectives of the meetup series were:

1. Sensitizing Innovators about the various skills and services that can help and support innovations.
2. Incubation services at their door steps (at their districts).
3. Building Mentor networks and connecting the district resources

Target Audience:

1. Innovators
2. E-cell Members
3. Aspiring Innovators

Inputs - 3 major activities undertaken:

1. 2 sessions in a day - IP and Project Proposal writing.
2. One day sessions in 5 districts with a minimum of 30 participants in each district.
3. Educating participants on IP (Intellectual Property) and Proposal Writing

Immediate Outputs of the series:

1. One Innovator from Gadwal approached for Patent filing.

2. IP and Proposal Writing helped and answered many queries of Innovators.

3. Enabling a district level network of Innovators.

Summary report

About WE-Hub:

WE Hub Foundation, registered under Section 8 of the (Indian) Companies Act 2013, is under the purview of I.T E & C Department, Government of Telangana. WE Hub (Women Entrepreneurs Hub) is India's first and only State led Incubator to promote and foster women entrepreneurship by way of Incubation, Access to Government and create a Global collaborative network for Women led Enterprises to thrive.

WE Hub's primary goal is to promote and foster women entrepreneurship by way of Incubation, Access to Government and Building a collaborative ecosystem. WE Hub works with the mission to ensure that all women entrepreneurs in the country have access to technical, financial, governmental and policy support required to start-up, scale up, sustain and accelerate with global market access.

About Hyderabad City Police Hackathon

The first ever Hyderabad City Police Hackathon was organized by the **Hyderabad City Police** in collaboration with **Government of Telangana Innovation ecosystem through WE Hub as an implementing partner and with IIIT- Hyderabad, IIT- Hyderabad, JNTU- Hyderabad** as Knowledge Partners.

When: 36-hour Hackathon was conducted on 18th and 19th January 2020

Where: Kotla Vijaya Bhaskar Reddy Indoor stadium, Yousufguda

The hackathon aimed at solving problems in the fields of cybercrimes, crimes against women and children, road-safety awareness and social media monitoring for tackling fake news. The participants were tasked with developing applications and solutions using emerging technologies like Artificial Intelligence, machine learning and data analytics. Each of them also got an opportunity to pitch in front of a jury consisting of Hyderabad City Police, the WE HUB team, academia and business mentors from VC firms, corporates and innovation ecosystem enablers.
